When Buying Fuel

The consumer must always figure on the actual amount of heat and comfort that is gotten for the money spent.

We believe that our connections of long standing, coupled with the large amount of fuel that we buy, make it possible for us to sell the very highest grades of Coal and Wood at prices that are cheapest to the consumer. A trial order of our Coal and Wood, or an opinion from some of our satisfied customers, will prove that our idea of putting quality first is correct.

Blames in on Morgan.

St. Louis, Mo., Nov. 23.—"J. Pierpont Morgan and other sharks of Wall street are responsible for the state of affairs in Mexico," said Victor L. Berger, socialist congressman-elect from Wisconsin, here today. Their influence has caused the United States government to support Diaz in crushing his opponents, so their own coffers may be enriched.

"There can be no doubt that Porfirio Diaz, dictator of Mexico, has held his position as virtual monarch by having a close understanding with J. Pierpont Morgan and other plutocrats of the United States who have interests in Mexico and whose schemes President Diaz has furthered in every way," added Berger, "and in whose plunder he has shared."

Charges to be Investigated.

New York, Nov. 23.—Charges that the patients in the State Hospital for the Insane on Wards Island, and probably in many state institutions, have been robbed of needed food will be investigated by the legislature graft committee of the New York Assembly.

Thanksgiving Day Present.

New York, Nov. 23.—An increase of 5 percent in wages will be given to all the trainmen of the Brooklyn Rapid Transit Railroad, as a Thanksgiving Day present. The increase affects more than 10,000 men on the surface and elevated lines in Brooklyn.

WANTS EXECUTION HASTENED.

The murderer Allison, taken to the North Carolina penitentiary last month from Asheville, and sentenced to be put to death by electricity next February, has made an appeal to Gov. Kitchin to hasten the day of his death, declaring that he wishes to get out of the world as soon as possible.

Allison, who was a notorious desperado of the mountain section, killed three men. He swore that he would never leave Buncombe county, and also that he would never die in the electric chair. He cut his throat in jail the day after his sentence and almost carried out his threat. He was brought to Raleigh under a guard.

Gov. Kitchin has no power to expedite the execution.

MURDERER ON THE RAMPAGE.

William Griffith, a saloonkeeper, angered over his conviction on charges of assault, ran amuck in New Castle, Col., Wednesday night, killing one man and wounding two others. He then barricaded himself in his room in a downtown block and stood off the citizens.

When a posse from Glenwood Springs, headed by two women, finally broke into the room, Griffith was found dead, lying face down on the floor. The woodwork was riddled with bullets, one of which is thought to have killed him. William Davis, a spectator, was shot and killed by Griffith.

The wounded are City Marshal Reminis, shot in abdomen, and Philip Carpenter, spectator, shot through the neck. Both probably will die.

The explosion of a bomb in front of a tenement house on Forty-seventh street, New York, yesterday, badly damaged the front of the building and caused a wild panic among the 25 families who occupied the structure. It is believed by the police that the bomb was meant for Baccaro Bros., a firm which recently opened a fruit store on the ground floor. They are said to have received threats that harm would come to them.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by W. F. Croighton and Richard Gibson.

Fresh Air in Winter

In winter, it is hard to get fresh air in certain rooms. Some rooms in a house are usually colder than others, and if you open the windows it is hard again to heat the room properly.

If you keep the windows closed you don't get fresh air; if you keep them open you cannot quickly reheat the room. The

PERFECTION
SMOKELESS
OIL HEATER

Absolutely smokeless and odorless

solves the difficulty. You can leave the windows in a room open all day in winter, and when you close them apply a match to a Perfection Oil Heater and heat the room to any temperature you desire in a few minutes.

The Perfection Oil Heater is finished in Japan or nickel. It burns for nine hours. It has a cool handle and a damper top. It has an automatic locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be quickly cleaned. An indicator always shows amount of oil in the font.

The filler-cap does not need to be screwed down. It is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for re-wicking. The Perfection Oil Heater is strong, durable, well made, built for service, yet light and ornamental.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga.

"I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings."

"I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui."

"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI
The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out.

Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.
